The board reviewed correspondence from Velva City regarding the condition of a property recently acquired through the tax foreclosure process. No action taken at this time.

Tax Director, Becki Freund met with the board. A subdivision plat was presented to the board for approval. Since the applicant did not follow the zoning procedure for the subdivision plat, the board will send it to the zoning board for their review. Becki mentioned she will be hiring a part-time person to start scanning the property information in her files. She informed the board of her intent to hold meetings with the township officers to explain the changes coming as well as other information relating to her office. Becki presented information on the mill levy process and the relationship between valuations, mill levies and the budget request. The board had a lengthy discussion regarding valuing gravel pits at a commercial rate rather than an agricultural rate since they are not being used for agriculture. The board asked for more time to consider and will add it to the January agenda.

A motion was made by Medalen and seconded by Nelson to accept the structural values placed on the county buildings by NDIRF. Motion carried unanimously.

The board reviewed the outcome of the recent county surplus sale. Most items met the reserve. Some did not, but were very close to the reserve amount. A motion was made by Medalen and seconded by Anderson to sell all items as bid. Motion carried unanimously.

The National Association of Counties has contacted several county employees regarding a leadership course they are offering. Several county employees expressed interest. A motion was made by Nelson and seconded by Anderson to authorize Darlene Carpenter to enroll in the class since the first registration is free, in order to learn what the program is about and if it is worth the money to send additional employees. Motion carried unanimously.

The board continued to audit bills until completed. A motion was made by Haman and seconded by Bruner that the following bills be approved and the proper checks be issued thereof:
